

THE COLLEGE OF ST. SCHOLASTICA CATALOG

From the President

Greetings, and a very warm welcome to The College of St. Scholastica! We are delighted that you chose to study with us!

An education at St. Scholastica is designed to prepare you for a future of meaningful work and a purposeful life, grounded in the liberal arts and shaped by Benedictine values and the Catholic intellectual tradition. Whether you are at one of our Duluth campuses, extended sites, or studying online, you are joining a community of learners who are committed to academic excellence and an exceptional student experience.

We look forward to working with you to develop the knowledge and skills that will ensure success in your chosen profession. We also hope that we help you shape a larger sense of meaning and purpose that will guide the application of your knowledge and sustain your moral compass.

Welcome to what I hope will be a wonderful journey!

Sincerely,
Barbara McDonald, Ed.D.
President
