

# AEROSPACE STUDIES (AIR FORCE ROTC)

---

Air Force Reserve Officer Training Corps (AFROTC) is a nationwide program that allows students to pursue commissions (become officers) in the United States Air Force (USAF) while simultaneously attending college. AFROTC consists of four years of Aerospace Studies classes. College students enrolled in the AFROTC program (known as "cadets") who successfully complete both AFROTC training and college degree requirements will graduate and simultaneously commission as Second Lieutenants in the Active Duty Air Force. The AFROTC program is currently offered at the University of Minnesota Duluth, but they have a crosstown agreement that allows CSS students to enroll in AFROTC and become full-fledged cadet participants.
