

# EDUCATIONAL TECHNOLOGY CERTIFICATE

The online Certificate in Educational Technology is designed for any professional interested in enhancing their understanding and expertise in harnessing the power of the latest technological innovations. Explore the fundamentals components of educational technology. Gain insights into the ever-changing landscape of digital tools and uncover strategies to address digital inequities that affect our society. This program isn't just about theory, it is about learning practical strategies you can use tomorrow with your learners. Courses are aligned with the nationally renowned International Society for Technology in Education (ISTE) Standards for Educators. The certificate provides you with a chance to enhance your professional expertise in educational technology.
